PROFESSIONAL SUMMARY

Flutter Developer with 2 years of professional experience building, shipping, and maintaining production mobile applications on the Google Play Store. Sole mobile developer at a network-management software startup, owning the full lifecycle of the OctaNet field-operations application from architecture through deployment, and delivering company-branded builds adopted by 9 international clients within 4 months of launch. Hands-on with Dart, Flutter, GetX state management, REST APIs, Firebase (Cloud Firestore, FCM, Crashlytics), SQLite, Android Method Channels, and GitHub Actions CI/CD. Author or co-author of 5 research papers on mobile and real-time monitoring applications, including a UGC-approved journal publication. MSc IT (result awaited).

TECHNICAL SKILLS

- Languages:** Dart, HTML, CSS
- Framework:** Flutter
- State Management:** GetX
- APIs & Services:** REST APIs, Firebase, Firebase Cloud Messaging (FCM), Push Notifications
- Integrations:** Google Maps, Payment Gateways, Android Method Channels (native Android integration)
- Databases:** SQLite, Cloud Firestore
- Monitoring:** Firebase Crashlytics
- CI/CD & Deployment:** GitHub Actions, Google Play Store
- Tools:** Git, GitHub, Android Studio, VS Code, Postman
- Architecture & Practices:** Modular architecture, offline-first design, code reviews, Agile retrospectives

PROFESSIONAL EXPERIENCE

Mobile Application Developer | TrustLink Technologies Pvt. Ltd. Sep 2024 – Present
Sole mobile developer on a 9-person engineering team for OctaNet, a broadband network management platform for ISPs and enterprise networks (octanet.tech)

- Led end-to-end development and production deployment of the OctaNet Application on the Google Play Store, a Flutter field-operations app covering network, attendance, and customer workflows for ISP field teams.
- Delivered company-branded builds that integrated each client's branding and company identity, enabling adoption by 9 international companies within 4 months of launch.
- Owned the full mobile lifecycle as the only app developer alongside 8 web, backend, and desktop developers; designed and maintained a modular codebase that reduced feature-delivery cycle time by 40% and improved adaptability to new client requirements.
- Integrated Google Maps, payment gateways, and FCM push notifications into the OctaNet Application.
- Collaborated with Product and QA through regular syncs, structured code reviews, and retrospectives, contributing to a 25% reduction in quality defects and continuous improvement of the development workflow.

PROJECTS

- Fit&Fuel** – Offline-First Fitness Application (Flutter) Jul 2025 – Present
- Built a fully offline fitness application using local storage for workout tracking, calorie calculations, progress analytics, personalized recommendations, and dashboard-based performance monitoring.
 - Currently extending the application into a Gym Management Application (in progress).
 - Research paper "Fit&Fuel: The Fitness Tracker" presented at the ESSG-2047 International Conference (Apr 2026).
- Power Gauge** – Android Method Channels (Flutter, Native Android) Jan 2025 – Mar 2025
- Developed a real-time battery telemetry monitoring app using Method Channels for native Android integration, delivering live performance metrics and battery health analytics.
- Cravecoin** – Real-Time Crypto Tracking (Flutter) Jun 2023 – Dec 2023
- Built a real-time cryptocurrency tracking application featuring market data integration, portfolio management, crypto analytics, and predictive logic for trend monitoring.
 - Selected for the final round of Aavishkar 2023 (432 finalists from ~6,000 zonal entries) and published in national conference proceedings (ISBN 978-81-985429-6-0, Feb 2025).

EDUCATION

MSc in Information Technology S.D.S.M. College, Palghar (University of Mumbai)	2026 (result awaited)
Average across first 3 semesters: 78.57% Final-semester examinations completed Aug 2026	
BSc in Information Technology S.D.S.M. College, Palghar (University of Mumbai)	2024
72.68%	
Higher Secondary Certificate (HSC) S.D.S.M. College, Palghar	2021

- **Fiberflow: A Flutter-Based Real-Time Network Management System for ISPs** – International Journal of Innovative Research in Technology (IJIRT), ISSN 2349-6002, UGC Approved (Journal No. 47859), Vol. 12, Issue 1, Jun 2025 (co-author). ijirt.org/Article?manuscript=181711
- **Cravecoin: The Crypto Tracker** – Conference Proceedings (ISBN 978-81-985429-6-0), One Day National Level Multidisciplinary Conference “Shodh Samiksha”, Thakur Ramnarayan College of Arts & Commerce in collaboration with University of Mumbai, Feb 8, 2025

ACHIEVEMENTS

- **Aavishkar 2023 – Final Round Selection (Dec 17, 2023)**: Secured a place among 432 finalists out of approximately 6,000 zonal entries by crafting and presenting an original research project on Cravecoin, grounded in rigorous data analysis and stakeholder feedback loops.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Certifications

- AWS Certified Cloud Practitioner (CLF-C02) – Amazon Web Services
- Microsoft Certified: Azure Data Engineer Associate (DP-203) – Microsoft

Cisco Networking Academy / OpenEDG JavaScript Institute

- JavaScript Essentials 1 – Statement of Achievement, Nov 2023

Infosys Springboard

- Basics of Python – Sep 2022
- Creative Thinking – Sep 2022
- Time Management – Aug 2022

Udemy – Course Completions

- AI & Python Development Megaclass – 300+ Hands-on Projects – May 2026 (58 hrs)
- Microsoft DP-203 Certified: Azure Data Engineer Associate (exam preparation) – May 2026 (20 hrs)
- Full AI Course 2026: ChatGPT, Midjourney, Gemini, Firefly – Apr 2026 (32 hrs)
- AWS Certified Cloud Practitioner 2025 [CLF-C02] (exam preparation) – Oct 2025 (22.5 hrs)
- Spring Framework for Java Developers: Practical Guide – Oct 2025 (28 hrs)
- Red Teaming | Exploit Development with Assembly and C | MSAC+ – Oct 2025 (33.5 hrs)
- Generative AI: Create an Impressive AI Art 2025 – Oct 2025 (21 hrs)
- Master MCSE: Windows Server 2022 OS Administration Course – May 2025 (27 hrs)
- Master Python Programming: The Complete Beginner to Advanced – May 2025 (24.5 hrs)
- Android App Development in 34 Hours: MobDevOps+ Android 15 – Apr 2025 (34.5 hrs)
- Android Apps Development in Hindi and Build 10 Applications – Apr 2025 (40 hrs)

Workshops & Webinars

- Data Science – one-day webinar by Squad Infotech in collaboration with Smt. Devkiba Mohansinhji Chauhan College of Commerce & Science, Silvassa (University of Mumbai) – Sep 2021

JOB SIMULATIONS (FORAGE)

Tata Group – Cybersecurity Analyst Job Simulation

Nov 2024

- Completed a job simulation involving identity and access management (IAM) for Tata Consultancy Services, collaborating with a Cybersecurity Consulting team
- Acquired expertise in IAM principles, cybersecurity best practices, and strategic alignment with business objectives
- Delivered comprehensive documentation and presentations, showcasing the ability to communicate complex technical concepts effectively

Mastercard – Cybersecurity Job Simulation

Nov 2024

- Completed a job simulation where I served as an analyst on Mastercard's Security Awareness Team
- Helped identify and report security threats such as phishing
- Analyzed and identified which areas of the business needed more robust security training and implemented training courses and procedures for those teams

BCG X – GenAI Job Simulation

Oct 2024

- Completed a job simulation involving AI-powered financial chatbot development for BCG's GenAI Consulting team
- Gained experience in Python programming, including the use of libraries such as pandas for data manipulation
- Integrated and interpreted complex financial data from 10-K and 10-Q reports, employing rule-based logic to create a chatbot that provides user-friendly financial insights and analysis

Accenture North America – Data Analytics and Visualization Job Simulation

Jun 2024

- Completed a simulation focused on advising a hypothetical social media client as a Data Analyst at Accenture
- Cleaned, modelled, and analyzed 7 datasets to uncover insights into content trends to inform strategic decisions
- Prepared a PowerPoint deck and video presentation to communicate key insights for the client and internal stakeholders

Tata Group – Data Visualisation: Empowering Business with Effective Insights

Jun 2024

- Completed a simulation involving creating data visualizations for Tata Consultancy Services
- Prepared questions for a meeting with client senior leadership
- Created visuals for data analysis to help executives with effective decision-making

BP – Digital Design & UX Job Simulation

Jun 2024

- Completed a job simulation focused on developing an app for the electric vehicle industry
- Created user personas for research
- Designed basic wireframes for a mobile app
- Created prototypes for the app flow
